Conclave Overview

The CME Foundation of India is organizing an exclusive conclave specifically designed for experienced doctors in the field of cardiology. This conclave aims to share knowledge, and propose key opinions with respect to the latest developments in echocardiography. The conclave will engage participating doctors in discussions centered on significance of echocardiography in heart failure management. Also the conclave focuses on sharing insights, and creating a conducive environment for in-depth discussions among medical professionals. Real world practice pointers vis a vis guidelines based diagnosis will be discussed to improve patient care in the real world setting.

Conclave Objectives

The primary objective of this conclave is to bring together specialists, doctors, and professionals in the field of cardiology to engage in discussions, share their expertise, and propose key opinions on various topics related to echocardiography. The conclave aims to delve into real-world experiences, insights, and challenges faced by clinicians, physicians, and healthcare professionals in utilizing 3D echocardiography for practical applications and employing echocardiography in the management of acute coronary syndrome. It will also address the impact of obesity and chronic kidney disease (CKD) on cardiac health.

Conclave Outcome

- Delve into practical insights and key opinions with respect to the advancements of echocardiography.
- Fostering collaborative discussions on innovative patient care methodologies grounded in real-world evidence and experiences in the use of echocardiography in acute coronary syndrome.
- Explore innovative therapeutic approaches for cardiac conditions based on real-world evidence and clinical success in the practical applications of 3D echocardiography.
- Analyze how echocardiography can aid in the early detection of cardiovascular issues in patients with obesity and CKD, leading to more effective management strategies.
- Gain valuable expertise and perspectives shared by key opinion leaders with respect to the significance of echocardiography in heart failure management.

Agenda

27th July, 2024

06:00 p.m. to 08:00 p.m.

Topic	Speaker	Timing
Lecture: The Cardiology Masterclass in Echocardiography - An ECG based learning	Speaker: Dr. Mrityunjay Kumar Singh	6:00 p.m. to 6:40 p.m.
Lecture: Obesity and Chronic Kidney Disease (CKD)	Speaker: Dr. Mrityunjay Kumar Singh	6:40 p.m. to 7:20 p.m.
Real-World: Speckle-tracking echocardiography	Moderator: Dr. Mrityunjay Kumar Singh	7:20 p.m. to 8:00 p.m.

About Faculty

Dr. Mrityunjay Kumar Singh
MD, FICP, FIACM

- Consultant Physician and Nephrologist, Gaya
- Honorary Secretary, CCDSI
- Chairman, API Magadh Division
- Chairman, IMA AMS, Gaya
