

**CME FOUNDATION OF INDIA**

# **CHEST CONNECT**

**Venue:** Spectrum Resort Spa & Convention, Udaipur

**Date:** 23<sup>rd</sup> to 25<sup>th</sup> August, 2024

**Link:** <https://chestconnectudaipur.cmeffi.co.in/register>

## Conclave Overview

The Expert Conclave organized by the CME Foundation of India is designed to shed light on managing ILD with Obstructive Airway Disease, Unified Airways Disease, and precision medicine in airway diseases from a clinician's perspective, exploring various treatment modalities, diagnostic strategies, and therapeutic agents. It aims to delve into the evidence-based rationale for managing these conditions, taking into account the unique clinical characteristics and challenges faced in the Indian context. This conclave will provide a platform for knowledge exchange, interdisciplinary collaboration, and innovation in respiratory medicine. Participating doctors will engage in panel discussions centered on real-world approaches to chronic respiratory infections, allergies, and Pan-Airway Disease, sharing practical insights, and fostering in-depth discussions among medical professionals.

## Conclave Objectives

The primary objective of this conclave is to bring together specialists, doctors, and professionals in the field of respiratory medicine to engage in discussions, share their expertise, and propose key opinions on various topics related to the management of ILD with Obstructive Airway Disease, Unified Airways Disease, and practicing precision medicine in airway diseases. The conclave aims to delve into real-world experiences, insights, and challenges faced by clinicians in managing patients with chronic recurring respiratory infections in OADs, allergy, mucus, and eosinophilia in UADs, and the complexities in diagnosing and managing Pan-Airway Disease through case studies and panel discussions.

## Conclave Outcomes

- Discuss real-world approaches to managing patients with ILD and Obstructive Airway Disease.
- Explore innovative therapeutic approaches for ILD with Obstructive Airway Disease and Unified Airways Disease based on real-world evidence and clinical success.
- Foster collaborative discussions on innovative patient care methodologies grounded in real-world evidence and experiences in managing ILD with Obstructive Airway Disease and Unified Airways Disease.
- Gain valuable expertise and perspectives shared by key opinion leaders in respiratory and internal medicine.
- Improve patient care outcomes by incorporating real-world insights and experiences into clinical practice.

# Agenda

Date : 24<sup>th</sup> August, 2024

Time: 10:00 a.m. to 3:00 p.m.

| Topics   | Speakers   | Timings                  |
|--|--|--------------------------|
| <b>Session 1:</b><br>ILD with Obstructive Airway Disease:<br>Bad Phenotype<br>Unified Airways Disease: Concept to<br>Practice<br><b>Q &amp; A with Panel discussion</b>  | <b>Moderator:</b> Dr. S K Luhadia<br><b>Speaker:</b> Dr. Deepak Talwar<br><b>Speaker:</b> Dr. Kanishka Kumar Singh                                       | 10:00 a.m. to 11:30 a.m. |
| <b>Session 2:</b><br>Practicing Precision Medicine in<br>Unified Airway Diseases:<br>1. Role of Macrolides in preventing<br>reoccurring RTI in UAD's<br>2. Role of Mucus & Management in<br>UAD's<br>3. Role of Eosinophils in UAD and<br>Management<br><b>Q &amp; A with Panel discussion</b> | <b>Moderator:</b> Dr. Kalpesh Panchal<br><b>Speaker:</b> Dr. Sameer Nanaware<br><b>Speaker:</b> Dr. Deepak Prajapat<br><b>Speaker:</b> Dr. Deepak Talwar | 11:30 a.m. to 1:00 p.m.  |
| <b>Lunch Break</b>   |  | 1:00 p.m. to 1:30 p.m.   |
| <b>Session 3:</b><br><b>Case Study:</b> Pan-Airway Disease:<br>Complexities in Diagnosis &<br>management<br>RWE about RT Allergies and<br>practices  | <b>Speaker:</b> Dr. Mohit Kaushal<br><b>Speaker:</b> Dr. Kanishka Kumar  | 1:30 p.m. to 2:15 p.m.   |
| <b>Real World:</b> Long-term Outcomes of<br>Azithromycin Treatment in AECOPD   | <b>Moderator:</b> Dr. Deepak Talwar  | 2:15 p.m. to 3:00 p.m.   |

## About Faculty

**Dr. Deepak Talwar**  
MD, DTCD, DNB,  
DM (Pulmonary & Critical Care  
Medicine)

### Affiliation

Director & Chair Pulmonary Sleep & Critical Care Metro Centre for Respiratory Diseases NOIDA, WASOG Sarcoid Clinic India.

### Publications

Published 169 research papers in indexed / PubMed Journals including in NEJM & Clinical Infectious Diseases, BMJ, Chest and Respirology, Asthma Allergy & Clinical Immunology & Am J Respiratory & Critical Care Medicine, ERJ

### Achievements & Awards

Teaching in charge DNB Respiratory Medicine since 2008 & Fellowship Program in Interventional Pulmonology under IAB & ICS

**Dr. Kanishka Kumar Singh**  
MD (Pulmonary Medicine),  
FIP, Consultant-Pulmonary,  
Critical care & Sleep medicine

### Current Affiliation:

MD Pulmonary Medicine, Fellow in Intervention Pulmonology (FIP).

Trained in Intervention Pulmonology in Heidelberg, Germany.

### Professional Position Held:

Consultant Intervention Pulmonologist and Consultant Pulmonary, Critical Care and Sleep Medicine at Metro Centre for Respiratory Diseases (MCRD).

### Awards/Achievements:

Youth Icon Pulmonology 2022-2023- NAPCON 2023.

Faculty in 40 National Conferences. Faculty in Intervention Pulmonology Program at MCRD.

### Publications and books/chapters:

1<sup>st</sup> Author in chapter for APICON 2023; Setting up an ILD clinic.

-Author of the chapter "Management of COPD" in book of API for physicians 2024.

**Dr. Deepak Prajapat**  
DNB – Pulmonary & Critical Care,  
MBBS, Diploma  
(TB & Chest Disease)

### Current Affiliations:

Sr. Consultant at Metro Hospital and Heart Institute, Sector 12, Noida

Sr. Consultant Metro Hospital and Cancer Institute, Preet Vihar, Delhi

### Areas of Expertise:

Dr. Prajapat's clinical interests include a wide range of respiratory conditions such as asthma, COPD, lung cancer, critical care, respiratory infections, tuberculosis, and sleep medicine. He is also an expert in various procedures such as EBUS, stent placement, cryobiopsy, and bronchoscopy.

### Membership:

European Respiratory Society

Indian Academy of Lung Cancer Society

National College of Chest Physicians

### Publications:

Dr. Prajapat has numerous publications to his name, contributing significantly to the field of pulmonology.

# Snapshots of Success

## New Learnings in Diabetic Complications

Prof. Arun Bal Auditorium, Chennai - 25<sup>th</sup> February, 2024

## Advancements in Respiratory Health

Hotel Fariyas, Lonavala, Maharashtra - 24<sup>th</sup> and 25<sup>th</sup> February, 2024

## Advancements in Respiratory Health

Hotel Manas, Igatpuri, Maharashtra - 24<sup>th</sup> and 25<sup>th</sup> February, 2024

## Advancements in Respiratory Health

Sterling Corbett, Jim Corbett, Uttarakhand - 2<sup>nd</sup> and 3<sup>rd</sup> March, 2024

## Respi ACCEDE - Expert Conclave on RTI and Cough Management

The LaliT Golf & Spa Resort, Goa - 13<sup>th</sup> and 14<sup>th</sup> April, 2024

## The Pediatric Scholar Series Conclave Meeting

Sterling Lake Palace, Alleppey - 27<sup>th</sup> and 28<sup>th</sup> April, 2024

## About CME Foundation of India

"CME Foundation of India" (CMEFI) is a registered AOP under income tax act 1961, which is engaged in updating the skills and knowledge of practicing doctors, nurses, and healthcare professionals by providing continuing education activities. The objective of the foundation is to serve the medical knowledge needs of practicing doctors, nurses, and healthcare professionals in order to enhance the quality of healthcare services provided to the patients in rural and urban areas.

CMEFI has worked with many prominent senior faculties, societies, and associations in the medical fraternity to create CME modules in various formats, including print and digital. These modules leverage evidence based knowledge and skills from thought leaders across various medical specialties, reaching a large number of practicing doctors across the country. The continuing education is imparted to professionals through live meetings, workshops, webinars, and the distance education mode.

CMEFI provides an excellent forum to share the outstanding experience and expertise of eminent specialists with the young professionals, thereby benefiting millions of people through better treatment at the point of care.

CMEFI carries out the scientific and market research projects, such as conducting Medical and Nursing Education activities and patient camps and surveys by healthcare providers, doctors, medical practitioners, nurses, etc., CMEFI works with Indian institutions and individual doctors to offer CME programs of current interest in India.

CMEFI plans to establish and promote social/culture/business centres, conducting activities in the interest of all doctors, medical practitioners, and nurses.
