Agenda: ISP CME program

Topic	Time allocated	Faculty
Welcome address	5 mins	
Context setting and Faculty introduction	5 mins	Prof. Dr. V.S. Ramchandra
Breaking the Barriers of Clinical Inertia on MRA Adoption in HF Management	30 min	Dr. Professor Giuseppe Rosano
MRA in HF Management: Indian Perspective	15 min	Dr. Biju Govind
Expert Pannel Discussion	15 min	Dr. Dayasagar Rao. V Dr. P. Rajendra Kumar Jain Dr. T. Sashi Kant
Vote of thanks	5 mins	

Dear Doctor,

We are honoured to welcome you to the MRA Exchange Global Conclave, an International Speaker Program organized by the CME Foundation of India. This distinguished event is dedicated to elevating awareness and understanding of mineralocorticoid receptor antagonists (MRAs) for heart failure management.

Our primary objectives for this Conclave are to delve into the pragmatic reasons for clinical inertia in adopting MRAs, identify barriers to their implementation, and emphasize the importance of early initiation of MRAs in heart failure management. By addressing these critical areas, we aim to enhance patient outcomes and improve overall healthcare delivery.

Mark your calendars for an enlightening evening on August 4th from 8.00-9.00 PM.

The CME Foundation of India is committed to serving the medical knowledge needs of practicing doctors. Also to foster collaboration and knowledge sharing among healthcare professionals. This event provides a unique platform for you to engage in discussions, share your expertise, and propose key opinions on the management of heart failure with MRAs. Through collaborative efforts, we strive to enhance the quality of healthcare services provided to patients in both rural and urban areas.

The Conclave will feature insightful presentations, interactive sessions, and collaborative discussions to discover the best practices shaping the future of heart failure management, led by esteemed experts in the field. Your active participation will be invaluable in enriching the collective knowledge and impact of this event.

Thank you for your dedication to improving patient care. We are excited to have you join us for this important event.

How to join:

Digital link: In addition to the physical meeting, for digital outreach, registration link will be provided shortly.

We look forward to your valuable contributions and to a successful, enlightening Conclave that will drive significant advancements in heart failure management.

Warm regards,

Team
CME Foundation of India

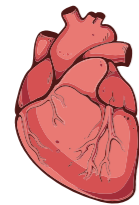

International Speaker Program

Organised by

"CME Foundation of India" (CMEFI) is a registered AOP under income tax act 1961, which is engaged in updating the skills and knowledge of practicing doctors, nurses, and healthcare professionals by providing continuing education activities. The objective of the foundation is to serve the medical knowledge needs of practicing doctors, nurses, and healthcare professionals in order to enhance the quality of healthcare services provided to the patients in rural and urban areas.

Breaking the Barriers of Clinical Inertia on MRA Adoption in HF Management

Objectives:

- To understand the pragmatic reasons for clinical inertia on adopting MRAs in HF Management
- To understand the how to break barriers of MRA adoption in HF Management
- To emphasize the need of early initiation of MRA in HF management

International Speaker

Prof. Giuseppe Rosano

United Kingdom
Consultant Cardiologist & Professor of Cardiology,
St. George's University Medical School Past President,
Heart Failure Association

- A prominent cardiologist and researcher, Prof. Rosano contributes significantly to the field of heart failure, cardiac metabolism & gender differences in cardiovascular diseases.
- Serves as a member of the CVWP of the European Medicines Agency since July 2020, board member of the Italian Space Agency and member of the pricing and reimbursement committee at the Italian Drug Agency.
- On the editorial Board of European Heart Journal, ESC Heart Failure, European Heart Journal CV Pharmacotherapy, Cardiac Failure Reviews and Cardiovascular Diabetology among others.
- Is the Chairman of the Education committee of the Working Group on Cardiovascular Pharmacology of the European Society of Cardiology.
- Has been core member of the Cardiovascular Working Party of the European Medicines Agency and member of the Pricing and Reimbursement Committee of the Italian Drug Agency.
- He has authored or co-authored over 500 peer-reviewed articles, 8 books and 32 book chapters.
- His areas of expertise include heart failure, cardiac metabolism, cardiovascular pharmacology and pharmacotherapy, heart disease in women and cardiovascular effects of sex hormones. He has a specific interest in chronic coronary syndromes and in angina with normal coronary arteries.

Moderator

Prof. Dr. V.S. Ramchandra

MD, DM Cardiology
FACC FSCAI, FESC
Sri Sri Holistic Hospital, Hyderabad.

- ▶ Dr. V.S. Ramchandra is a reputed and leading cardiologist associated with Sri Sri Hospitals, Nizampet, Hyderabad with more than 25 years of experience in the field of cardiology.
- ▶ Dr. V.S. Ramchandra studied MBBS at Utkal University, Odisha, MD Internal Medicine at SCB Medical College, Cuttack, DM Cardiology at Kasturba Medical College, Manipal, followed by a Fellowship in Interventional Cardiology from the University of Alabama, USA, and a Fellowship in Pediatric Electrophysiology from Children's Hospital, Cincinnati, USA. Dr. V.S. Ramchandra is an accomplished interventional cardiologist with extensive experience in cardiovascular care and research.
- ▶ Dr. V.S. Ramchandra completed his fellowship training in electrophysiology and interventional cardiology at prestigious institutions in the United States, including St. Vincent Hospital, Children's Hospital Cincinnati, and the University of Alabama.
- ▶ Dr. Ramchandra's expertise spans a wide range of cardiac interventions, including coronary interventions, pacemaker implants, and laser lead extractions.
- ▶ Dr. Ramchandra has contributed to funded research projects and has several publications in renowned medical journals.
- ▶ Dr. Ramchandra is dedicated to providing high-quality cardiac care and is committed to advancing the field of cardiology through his clinical work and research endeavours.
- ▶ Proficient in pacemaker implants, AICD implants, biventricular device implants, and laser lead extractions.

Speaker

Dr. Biju Govind

MD (General Med.), DM (Cardio),
FACC (US), FSCAI (US), FIC (Korea)
Sri Sri Holistic Hospital, Hyderabad.

- ▶ Dr. Biju Govind, MD, DM, FSCAI, FACC, FIC, is a distinguished Professor of Cardiology at NRI Medical College, with an extensive background in interventional cardiology.
- ▶ Dr. Biju Govind has a wealth of experience, having performed over 15,000 angioplasties and 1,000 non-coronary interventions such as embolizations, pacemaker insertions, and balloon valvotomy.
- ▶ Dr. Biju Govind's educational journey includes a Cardiology Fellowship from Kasturba Medical College, Manipal, and advanced training at Asan Medical Centre, Seoul.
- ▶ Dr. Biju Govind has contributed significantly to medical literature and is actively involved in teaching, holding positions previously at KMC Manipal and currently guiding post-doctoral students at NRI Medical College Guntur, now consultant at SSHLT Hyderabad.
- ▶ Dr. Biju Govind's certifications include international fellowships from prestigious institutions and a deep commitment to continuing medical education and research in cardiology.

Panelist

Dr. Dayasagar Rao. V

DM (Cardiology)
FRCP (Canada),
FRCP (Edinburgh)
KIMS Hospital, Secunderabad.

Dr. P. Rajendra Kumar Jain

MD (Med.), DM (Cardiology), DIU (Paris)
Consultant Interventional Cardiologist
KIMS Hospital, Secunderabad.

Dr. T. Sashi Kant

MD, DM, Fellow ICPS, Paris
Consultant Interventional Cardiologist
Director, Cardiac Cath Lab
Yashoda Hospital, Secunderabad.
