

CME FOUNDATION OF INDIA

# CARDIO SUMMIT

Venue: Nagpur, Maharashtra  
Date: 2<sup>nd</sup> & 3<sup>rd</sup> March 2024

## CME Overview:

Continuing Medical Education (CME) programs are tailored to equip healthcare professionals with the latest knowledge, skills, and tools essential for improving patient care and clinical outcomes. The CME Foundation of India is committed to orchestrating inclusive educational sessions that tackle contemporary challenges and advancements across diverse medical domains. This specific CME delves into Cardiovascular Medicine, with a goal of empowering physicians with cutting-edge evidence-based practices and innovations for effectively managing cardiovascular diseases.

## CME Objective:

The primary objective of the "**Cardio Summit**" is to provide a platform for healthcare professionals, especially Cardiologists and General Physicians, to access the most recent guidelines, recommendations, and research in the field of cardiology. This conference aims to facilitate ongoing professional growth by offering attendees an immersive experience in the latest advancements in cardiovascular medicine. Through interactive sessions, expert-led discussions, and knowledge exchange opportunities, the conference aims to ensure that participants are equipped with up-to-date information and skills to enhance their clinical practice and improve patient care outcomes.

## Learning Objectives:

- Evaluate the effectiveness and safety of combined therapies for achieving desired lipid levels.
- Understand the rationale behind using multiple medications for lipid management.
- Review current evidence and guidelines on dual antiplatelet therapy and direct oral anticoagulants.
- Identify evidence-based combinations to alleviate symptoms and reduce hospitalizations in heart failure patients.
- Explore emerging non-coronary interventions and their applications in modern cardiovascular practice.
- Review contemporary strategies for optimizing volume status in heart failure patients.

The "Cardiac Summit" conference, scheduled for 2<sup>nd</sup> & 3<sup>rd</sup> March 2024 at Nagpur, Maharashtra.

We invite healthcare professionals to join us in this educational journey to further advance their expertise in the field of cardiology.

## AGENDA

**DAY 1 – 2<sup>nd</sup> March, 2024**
