**Pediatric Neurology
Group Meeting**

12th December 2023

New Delhi

CME Overview

The "Delhi NCR Pediatric Neurology Group Meeting" is a premier Continuing Medical Education (CME) event that aims to bring together leading experts, practitioners, and researchers in the field of Pediatric Neurology. This dynamic forum is dedicated to fostering collaboration, sharing cutting-edge knowledge, and promoting advancements in pediatric neurological care.

CME Objectives

Explore Contemporary Advances: Delve into the latest developments, research findings, and technological advancements in Pediatric Neurology, providing participants with a comprehensive understanding of the current landscape.

Cannabidiol – From Theory to Practice: Facilitate an in-depth exploration of Cannabidiol's theoretical foundations and practical applications in pediatric neurological conditions. Learn from distinguished experts, Dr Rajni Farmania and Dr Saurabh Chopra, as they share insights into the evolving landscape of Cannabidiol usage.

Real-world Case Discussions: Analyze and discuss real-life cases from esteemed institutions such as Kalawati Saran Children's Hospital, Madhukar Rainbow Children Hospital, and AIIMS New Delhi, Pediatric Neurology Division. Gain practical insights into diagnostic approaches, treatment strategies, and the challenges faced in pediatric neurology practice.

Interactive Learning: Foster an environment of active participation and engagement through interactive sessions, encouraging attendees to share their experiences, ask questions, and contribute to the collective knowledge of the Pediatric Neurology community.

Networking Opportunities: Provide ample networking opportunities for participants to connect with peers, establish collaborations, and build professional relationships within the Pediatric Neurology community.

By attending this CME event, participants can expect to enhance their knowledge, refine their clinical skills, and contribute to the advancement of Pediatric Neurology, ultimately improving patient outcomes and care.
