Pediatric Scholar Series: Decoding Pediatric Cough

17th - 18th Dec. 2023

Clarks Exotica Convention Resort & Spa.

Swiss Town, Hollywood Junction, Sadahalli Post, Devanahalli Road, Bangalore.

CME Overview

Welcome to an insightful Continuing Medical Education (CME) event designed to enhance the knowledge and skills of pediatricians in the diagnosis, treatment, and management of pediatric cough. This one-hour session will be led by a distinguished expert in the field, providing a deep dive into the nuances of pediatric cough, its classification, diagnostic approaches, and evidence-based treatment modalities. Through case studies and interactive discussions, participants will gain practical insights and best practices to optimize their clinical approach in addressing pediatric cough.

CME Objectives

The objectives of this Continuing Medical Education (CME) session are to empower pediatricians with a comprehensive understanding of pediatric cough, enabling them to enhance diagnostic precision, navigate challenges in assessment, and adopt evidence-based approaches to treatment. By the end of the session, participants will have acquired the knowledge and skills necessary to differentiate between acute and chronic cough, apply effective diagnostic methodologies, explore various treatment modalities, and implement individualized care plans. Emphasis will be placed on best practices, multidisciplinary collaboration, and fostering interactive learning through case-based discussions, ensuring that pediatricians are well-equipped to optimize their clinical management of pediatric cough and, in turn, improve patient outcomes.

Agenda

Introduction and Welcome	(10 mins)
Decoding Pediatric Cough: Navigating Diagnosis, Treatment, and Best Practices for Pediatricians	(40 mins)
Q & A Session	(20 mins)

About the Faculty
